Public Accountant | FP&A Specialist | Data Reporting & Analysis

## About Me

Throughout my career, I have had the opportunity to develop in various areas, allowing me to gain a comprehensive understanding of business management circuits and a global vision of internal processes. This journey has strengthened my technical knowledge and analytical skills. I am currently in charge of the budgeting process, coordinating and aligning projections with different organizational areas. Furthermore, I possess strong command of Excel and analysis tools such as Power Query, DAX, and Power BI, enabling me to generate automated reports and optimize information management. I am highly interested in continuous learning and applying technological solutions.
